Liars never... they don't even care
Why do they hide, it ain't like they care
And why would you bring him into the bed
What you tryna hide, why would you try to hurt me to
death baby

Nothing left for me
Ain't no breath in me
Unexpectedly
Love is blind for me
But I'm trying to see what's the reason
And my heart is bleeding

What are you doing babe
Are you trying to hurt me
You want me to leave
I'll go
Are you trying to hurt me
What did I do to you
I don't deserve this, I feel like a fool
What did I do to you
My eyes get reckless from thinking of you
Are you trying to hurt me
Cause baby it's hurting

I'm so unprepared
I was surprised wasn't ready yet
Eyes they can't ride out of nowhere
And why not admit you don't give a shit
It hurts me to death baby

Nothing left for me
Ain't no breath in me
Unexpectedly
Love is blind for me
But I'm trying to see what's the reason
And my heart is bleeding

What are you doing babe
Are you trying to hurt me
You want me to leave

I'll go
Are you trying to hurt me
What did I do to you
I don't deserve this, I feel like a fool
What did I do to you
My eyes get reckless from thinking of you
Are you trying to hurt me
Cause baby it's hurting
Are you trying to hurt me

You don't know how bad it hurts
Until you're cut baby
I'm not dead but it feels closer now

What are you doing babe
Are you trying to hurt me
You want me to leave
I'll go
Are you trying to hurt me
What did I do to you
I don't deserve this, I feel like a fool
What did I do to you
My eyes get reckless from thinking of you
Are you trying to hurt me
Cause baby it's hurting
Are you trying to hurt me
