Words upon words spoken in tongues
Stole all our dreams when we were young
Now that I'm older I know dreams don't come true

But I got my songs, yeah I got my girl
An that's all I'll take when I leave this world
I thought by now you could show some concern

Just wanna stay out tonight and dance with you girl
Till the world spins right
This is a road of ruin we're headed on

Drink after drink is that all we've had
Well I've grown up yeah I've grown mad
Given the times now we're all gonna burn

Well everyone passes you by
They all got that look in their eye
They don't feel babe, they don't feel your hurt

Just wanna stay out tonight and dance with you girl
Till the world spins right
This is a road of ruin we're headed on
