i am hardcore  
i will windmill kick you in the face  
everybody back up, make a circle, lets destroy this  
place  
the lights are low and im about to go off  
here comes the breakdown,  
KARATE CHOP!  
raise up your arms, make an X if youre down  
me and me crew,  
we own this stinkin town.

watch out for my fist,  
your face, it will kiss on purpose  
im tough and im ticked  
i dont slow dance, i dont salsa dance  
forget the tango, i dont slamdance you idiot.  
i dance hardcore.  
on the floor, im the man youve never seen before

when the drummer yells, GO!  
its my time to blow.  
and in between songs  
i yell at all of the bands  
because i dont care what they have to say  
im not here to learn anything anyway

im here to dance  
in the zone in a trance  
i dont smoke cigarettes

but if shes willing  
ill drop my pants  
promiscuous i am  
but im vegan  
i dont eat meat or any of that stuff  
because its bad for you right?  
i wanna save the animals,  
i dont care about the sweatshop scandals  
i do not shop at hot topic

i am not mall core,

i am hard core  
madball, hatebreed, throwdown and terror.  
i own them all on colored vinyl,  
limited edition and hand numbered.  
but you wont see me asking for no autograph  
because i aint looking like no fool  
i aint no pop culture tool.  
if they aint screaming, i aint listening.  
and if they aint got a blast beat,  
i aint tapping my feet.

i eat emo pansies for breakfast.  
and i give their little t-shirts to my little sister  
so cry about it, you messenger bag purse carrying  
whatever.  
i wear girl pants but im homophobic  
yet the way im always hugging on my homeboys,  
you sure wouldnt know it.

ive had my ears stretched an inch since back in 96,  
somebody told me hardcore was a place to share what  
you believe,  
but i didnt like what dude said,  
so i flipped him off and told him to leave.

im mad at society  
because my parents wont buy my a new computer.  
even though i ask politely.  
my playstation 2 is broken,  
but my x-box works.

when that breaks though,  
something is gonna hit the fan.  
and ill express myself with rage and anger  
just like a man, because thats how its done, right?

you get mad and start a fight, right?  
i think i may, i think i might  
take my insecurities out on that punk  
in the pit tonight  
because really, i am just insecure.  
more than that, im kinda scared  
im hurting inside and i dont know how to deal with it  
i dont know what being a man means  
i thought acting tough was the way to go,  
but now that i think about it, im emo.
