Im 22 years old and I have never touched a girls
boobies on purpose before.
Just once on accident
about a year ago at a rock show,
it was dark and I couldn't really see which way to go.
Walking with my arms out in front and my elbows
slightly bent
(I dont normally walk like this)
but it must have been destiny this night I guess,
and before I knew it my palms were pressed on her
chest,
2 handfuls full of soft fresh breast.
But that was on accident so it really doesn't count.

I have never seen a girls boobies in real life on purpose
before except for my mom and sisters
but that doesn't count does it?

So if I have never seen them or touched them
youre probably thinking I'm a virgin right?
Yea, yea correct assumption I am,
but now your like whoa wait a minute
hes 22 fairly good looking,
if he tried hard enough he could get some right?

So maybe your thinking
yea Im kind of skinny,
maybe I'm a little insecure,
maybe Im worried about my manhood,
my measurements being a little too small,
but that is not the case I assure all of yall.
I've measured it before
and I am about the same as all of you guys with the
Caucasian persuasion
so mere mathematics doesn't even fit into the
equation.

But maybe that is still not it,
maybe your thinking he's kind of girly,
got the long hair going,
maybe he doesn't like girls

and likes entrances in the backdoor.

NO WAY JOSE

I mean I am not homophobic

I can say if a guy is hot or not

like that actor dude Vin Diesel.

Sure he is hot

but I dont want homie's lips blowing on my whistle.

I'm just a simple dude that thinks sex is special
between two people.

One man and one woman in the boundaries of
marriage,

and when I find the girl that is to be my one

its with her to our hidden bed we will run,

oh we will have lots of fun together

the creator will praise and not shun

but only after the exchange of vowels

and the blessing of the son will our lives be physically
intertwined as one.

Our love making will resound with the loudest ringing
and burst through the ceiling

and begin ascending into heaven with the angels
rejoicing and singing.

God smiling down upon us

through our humping

true worship resonated,

yea so much more than empty friction will be making

but gifts saved in treasured for one another

in the exchanging

my body

her body

ours and ours

alone for the taking.

In these moments will be the closest intimacy between
2 people possible

and for me to do it outside of gods way doesn't seem
causable,

to do so would to throw away part of my soul

with the girl that was never meant to know that part of
me.

But for those of you that have done so

know how it feels and goes

when that boy or girl you just did is long gone

leaving you with a sad song hurting hearts.

You can be made new,

poke a teeny tiny hole in your heart

for him to shine his light through

and you will be made as bright white

and as dove take flight around this guilt that has
interloped itself around your soul so tightly.
