A Fallen star Shoots across the sky
And A Woman With no family Wishing to die
A mother, Buries her new blonde son
And a father in his office holding a gun
A little girl touched in places she should never be.
A little boy left to live alone in the streets.
A wife who doesnt know how to be faith,ful.
And a husband that cant, seem to keep his cool.
And The world Is Screaming [4x]
Fistful of anger and hearts full of hurt
Dreams that took gotheland dead in the dirt
They say the temperature is rising and the water will
too
Isnt really anything that we can do
There's plenty of bread but the corrupt wont share
Where are all those who are suppose to care
We're all waiting for a a messiah to come
But we cant agree on who he is or which or so on

And The world Is Screaming [4x]
He came in a major he was borned in a stable
And he did what no man before he was able
And he lived a perfect life he forgave us or not
Convinced a few that he was the son of god
But his father was good, his father had a plan
So he handed him over to be killed by men
They beat him and they beat him and they hung him on
a tree
He asked his father why have you farsaken me
But his father was good, his father had a plan
So he raised him back to life and now he is sitting at his
right hand
He listens to us, he hears our pleas, he joins with us, on
our knees
And The world Is Screaming [4x]

And The World Is Screaming
And The World Is Screaming
And The World Is Screaming but you cant tell me
nobody is listening
Repeats Many times

World Screaming And the World Screaming and the
(Just)

but you cant tell me nobody is listening
