So to the world, I'll raise a glass
And turn my back on the life

I wish that you were here with me
Instead of by his side

I can't believe
It's been this way forever

But when you need it
Makes it harder

Gimme, so I need love
I need love
I need love
Help me now

I need love
I need love
I need love
Help me now

I need love
I need love
I need love
Help me now

I need love
I need love
So come on
Help me now

I just want to leave, I can't help myself
I want love to help me find a home

My lonely life is
Simply nothing without you

I can't believe
It's been this way forever

But when you need it

Makes it harder

Girl move, I need love

I need love

I need love

Help me now

I need love

I need love

I need love

Help me now

I need love

I need love

I need love

Help me now

I need love

I need love

So come on

Help me now

Honey, it's time to go

Honey, it's time to go

Ooh honey, it's time to go

Ohh I, I never listened

To what you said

I was so foolish in this time

Please remember

Honey, it's time to go

Honey, it's time to go

Honey, it's time to go

Honey, it's time to get, to get, to get

Honey, it's time to go

Honey, it's time to go

Honey, it's time to go

Now

I need love

I need love

Help me now

I need love

I need love

I need love

Help me now

I need love

I need love
I need love
Help me now

I need love
I need love
So come on
Help me now

So come on
Help me now
Move, come on
Help me now
So come on
Help me now
