Somehow we'll start a fire
You know we'll let it burn
Somehow we'll overcome it
I'll never know

I can't stop thinking about it
It's eating away inside
Believe me when I tell you
It's mine you now know

I decided long ago
I was gonna be with you
And into the night we both will go
And find our own way

A thousand lights above us
We're gonna let them shine
What comes first tomorrow
Or maybe the next life

'Cause you live for the weekend
And I live for forever
And you say you don't need it
And I don't know, you don't know

I decided long ago
I was gonna be with you
And into the night we both will go
And find our own way

I decided long ago
I was gonna be with you
And into the night we both will go
And find our own way

Do you know?
Do you know?
Woh, woh
Do you know?
Do you know?
Woh, woh

And I'm taking my things
Leaving behind all of the pain you've caused me
And I never want you back in my life
Back in my life, in my life

You know I can't stop thinking about it
It's eating away inside
Believe me when I tell you
It's mine you now know

I decided long ago
I was gonna be with you
And into the night we both will go
And find our own way

I decided long ago
I was gonna be with you
And into the night we both will go
And find our own way
Yeah, we will find our own way

Do you know?
Do you know?
Woh, woh
