We hold freedom

We comitt to as brothers
of sound character and manner
our devotion our pride
resolute through the pass of time
never to apathy to waiver
the natural born rights of men
behold the tyrants quakes
we are the rattlesnake patriot

Courage then my country men
our contest
its not whether we ourselves
we shall be freedom
but whether theres any left to mankind

our country it stands in need

We hold freedom
it's our true destiny
we are the sons of liberty
our arms bear our freemon
we sons
we sons of liberty

when in the course of human events
it became necessary

For encouraging violence and division
blind jealousy hatred
For destroying our wealth
and limitless taxation
For allowing invasion
disregard your sworn obligation
For all interference and manipulation
of our markets
So we take our leave

If ever a time should come
when vain and aspiring men
shall possess all our highest seats

the time has come

our country it stands in need
