There's poison in the boys in blue
There's poison in the boys in blue
Corruption, greed and feud are all I see
You're in a disarray
Things used to be a different way
Whatever happened to the golden age

It's gone, yeah, it's gone away
So don't ever turn your back again
One false move and we're all dead

Here I am, here I am, here I am
I'm back at the crossroads again
Oh, let me stand, let me stand, let me stand
On top of the mountain again

There's movement in the distance
Gunshots are all I hear
This petty resistance is all I see
I want to walk away
Remember better days
We watch the death of something beautiful

It's gone yeah it's gone away
So, don't ever turn your back again
One false move and we're all dead

Here I am, here I am, here I am
I'm back at the crossroads again
Oh, let me stand, let me stand, let me stand
On top of the mountain again

When we find a problem
We never look back and say
One chance, one moment
It's gone so easily

Well here I am, here I am, here I am
I'm back at the crossroads again
Oh, let me stand, let me stand, let me stand
On top of the mountain again

Well here I am, here I am, here I am
I'm back at the crossroads again
Oh, let me stand, let me stand, let me stand
On top of the mountain again
