We used to look at each other.  
But now now we look at the past.  
We used to go out for dinner  
And feed the ducks in the park.  
You say that i could be thinner,  
I say retract that remark.  
And I'm loving you each day as it comes.  
I'll never let you be lonely,  
As long as you're by my side.  
You say you'd leave me if only.  
Another tear in the eye.  
Another funeral parlor, I'll have to get a new tie.  
And I'm loving you each day as it comes.  
Time has come.  
Time has come again

And all i've done comes undone  
Da Da Done  
As I lie here beside you,  
With jack frost in the air  
You look like an angel  
With that net in your hair  
I kiss you so softly  
But you're no longer there..  
Now I'm taking every day as it comes  
Da Da Da Da Dun  
Da Da Dun
