I know
you know
I'll never
never let you go
oh!

You know
I know
I'll never
never let you go
oh!

I know
you know
I'll never
never let you go
oh!

You know
I know
I'll never
never let you go
oh!

Don't be mean if I ain't been seen
'Cos I'm always
always yours.
Never known such a Romeo

But I'm always
always yours.
That's me
that's me

I'm still your blue-eyed boy.
Please don't cry if I pass you by
'Cos I'm always
always yours.
Please don't mind if I take my time
'Cos I'm always yours.

Put me down if I run around

'Cos I'm always
always yours

It's no fun when I kiss and run

But I'm always
always yours.
That's me
that's me

I'm still your pride and joy.
Chase me home if I start to roam
'Cos I'm always
always yours.
I got you and you got me too
And I'm always yours.

I know
you know
I'll never
never let you go
oh

..
Don't be cruel if I play the fool
'Cos I'm always
always yours
I'm a cream
I'm a teenage dream

But I'm always
always yours.
That's me
that's me

Your sneaky
cheeky boy.
Here I come with a special one
And it's always
always yours.
I'll be round with the best in town
And I'm always yours.

I know
you know
I'll never
never let you go
oh
