Shackles and chains get in the way  
And I'm locked in the gardener's gate  
Where everything grows  
And no one should go where I've gone  
I won't come back again

You dream in the doorway without ever going in  
How can you dream in the doorway  
Without making excuses and drawing conclusions?  
You're at it again

I am not your concern  
The world will still turn when I'm not around  
But lie on me and you'll fall  
Backs up to the wall, someone let me out

It's all sinking in  
I'd probably just swim if I could  
But I can't, so I'm just hanging on and on  
Just let me go, you know it won't be long  
Before the lights are out

Dream in the doorway without ever going in  
How can you dream in the doorway  
Without making excuses and drawing conclusions?  
You're at it again

I am not your concern  
The world will still turn when I'm not around  
But lie on me and you'll fall  
Backs up to the wall, someone let me out

With no intention of consoling you  
I was controlling you, I'm letting go of you  
With no intention of consoling you  
I was controlling you, I'm letting go of you

I am not your concern  
The world will still turn when I'm not around  
But lie on me and you'll fall  
Backs up to the wall, someone let me out

I am not your concern  
The world will still turn when I'm not around  
But lie on me and you'll fall  
Backs up to the wall, someone let me out

I, I, I am not your concern  
The world will still turn when I'm not around
