Rain falls
Quickly wetting my hair and clothes
My cries fall upon her deaf ears
More tears
Let me in
Please it's cold
I'm freezing out here
I miss you my dear
You're all his and I'm all yours
Like it or not
I'm all you've got

Everyone will make mistakes
Without the sour the sweet wouldn't taste as

Sweet tangerine
Will you please come back to me?
'Cause I don't think that these feelings are gonna leave

Light cuts through the clouds
That haunts me like bad dreams
Outside looking in
I'm feeling lost
And cold as a sin
A shed of a hope
A little bit of sweetness
Anything please
Except for defeat
If I could I'd lock you up
And toss out the key
It's just you and me

Everyone will make mistakes
And I know I have

Without the sour the sweet wouldn't taste as

Sweet tangerine
Will you please come back to me?
'Cause I don't think that these feelings are gonna leave

Sweet melody

You'll be singing in your sleep
But this time you're not listening to a word I say

Crept through the curtains
As quick as the cold winds
Slowly exploring the room where you sleep
The stare of your portrait
The passing of your scent
Left me no choice but to stay

I will disown
Into the dark beneath your bed
My hands will wait
For a taste of your skin

Sweet tangerine
Will you please come back to me?
'Cause I don't think that these feelings are gonna leave

Sweet melody
You'll be singing in your sleep
But this time your not listening to a word I say
A word I say
