Yeah

You see I left my soul by the side of the road
Somewhere down in Texas where the man is disposed
Said, boy you better find here 'cause you're just in for
sin
So I did it, shot smile with a black tooth grin

Whatever you say, whatever you think
Cowboy, hillbilly, whatever you say
We love 'em and leave 'em
It's just a cowboys way

Outlaw or redneck, whatever you think
What's mine is mine, what's yours is mine
It's just a cowboys way, yeah

You see I sold my soul at the cross in the road
Somewhere down in Texas where the devil exposed
Said boy, you wanna piece of mine, then sign on the
line
Said I gotta raise some hell so we ain't got the time

Whatever you say, whatever you think
Cowboy, hillbilly, whatever you say
We love 'em and leave 'em
It's just a cowboys way

Outlaw or redneck, whatever you think
What's mine is mine, what's yours is mine
It's just a cowboys way, yeah

It's just a cowboys, it's just a cowboys
It's just a cowboys way, yo

Reckless and worthless, you can't understand
Ain't got no reason to give a fuck, just don't give a
damn, no

It's just a cowboys, it's just a cowboys
It's just a cowboys way

Cowboy, hillbilly, whatever you say
We love 'em and leave 'em
It's just a cowboys way

An outlaw or redneck, whatever you think
What's mine is mine, what's yours is mine
Just a cowboys way

Just a cowboy way, whatever you say
Cowboy way, whatever you think
Cowboy way, whatever you say
Cowboy way, whatever you think

Cowboy way, whatever you say
Cowboy way, whatever you think
Cowboy way, whatever you say
Cowboy way, whatever you think

Cowboy way, whatever you say
Cowboy way, whatever you think
Cowboy way, whatever you say
Cowboy way, whatever you think
Cowboy way
