You wanna understand this
But you don't know me
Except for what I've told ya
Except for what I've shown ya

Well, I'll crush all crisis in my life
And live it my own way
Well, I've left the weakness built by fools
And brought the rage

Fracture, rupture, shatter
Your world
Hammer, butcher, slaughter
Your world

I am debt that all men pay
To die with honor, to die with strength
I am debt that all men pay
Won't die a coward, won't die in vain, no

You don't think you own me
We can't own this
Well, I'm a fucking soldier
A goddamn warrior

I made a promise to myself
To rid my life of pain
Well, I'll tow the line of pride in mind
And leave behind disgrace

My wish, my choice, my will
My world
My voice, my right, my cause
My world

I am debt that all men pay
To die with honor, to die with strength
I am debt that all men pay
Won't die a coward, won't die in vain, no

Well, I fought this war and won
My one salvation has forsaken me

My hero's long since gone away
They told me long ago
To choose my battles one by one
And fight to death until the bitter end

I am debt that all men pay
To die with honor, to die with strength
I am debt that all men pay
I am debt that all men pay
