Fuck the norm, I can't understand
Live my life by the rules of no one
I am me, that can't be wrong
I do what I do, when I do, that's how I like it

Conformity, amputate my soul
Made of stone, smashed the mold
Indifferent, so fuck you all that
Whine, bitch, nag, complain, cry

If ya don't give a shit, ya getcha hellyeah
Throwin' fists in the pit, ya getcha hellyeah
Think you're fuckin' with this well, hell no
Balls, volume, strength getcha, come on

Drinking beer smoking weed, ya getcha hellyeah
Gotta bruised attitude, ya getcha hellyeah
Think you're fuckin' with this well, hell no
Balls, volume, strength getcha, come on

Fuck you all, that won't understand
Be a man, no more and no less
I'm just me, no matter what you say
I am, who I am, what I am, that's how I like it

Typical fucking lifeless clones
My attitude, embrace my own
I don't care, so just walk away and live your
Dull, dead, bland, boring life

If ya don't give a shit, ya getcha hellyeah
Throwin' fists in the pit, ya getcha hellyeah
Think you're fuckin' with this, well hell no
Balls, volume, strength getcha, come on

Drinking beer smoking weed, ya getcha hellyeah
Gotta bruised attitude, ya getcha hellyeah
Think you're fuckin' with this, well hell no
Balls, volume, strength getcha, come on

Don't give a fuck and don't think I ever will
For the prim and the proper it's a shallow jagged pill

Don't really care if you like me
I just hold up my drink and get my hell, yeah

So point your fingers and throw your stones
I'll be smokin' and drinkin' and breaking fucking bones
To all you fuckin' people thinking you're better than me
I hold up my middle finger and give my hellyeah

If ya don't give a shit, ya getcha hellyeah
Throwin' fists in the pit, ya getcha hellyeah
Think you're fuckin' with this, well hell no
Balls, volume, strength getcha, come on

Drinking beer smoking weed, ya getcha hellyeah
Gotta bruised attitude, ya getcha hellyeah
Think you're fuckin' with this, well hell no
Balls, volume, strength getcha, come on

Hellyeah, got your whiskey and weed
Hellyeah, balls, volume and strength
Hellyeah, hellyeah, hellyeah
Hellyeah, hellyeah
