Oh, the way you move
The way you move me
Makes me feel alive

Oh, the way you look
The way you look at me
Sends chills up my spine

I've found my star, that star is you

Oh, the way you touch
The way you touch me
Makes me feel alive

Oh, the way you melt me
The way we melt together
Melt into my eyes

And I've found my star, the star is you
I've found my star, I love the way you do me
Just love your do, my angel, my anger, my star

I've found my star, that star is you
I've found my star, that star is you
I've found my star, that star is you

I've found my star, shinin' through
You're not a star, you're not a star
You're not a star, you're not a star
