

Hell Yeah "Thank You"

So many things, I didn't say
Is it too late now that you've gone away?
So many words, so many ways
If you can hear me now
There's something I've gotta say

Just one more talk
Just one more turn, if one's too much then
I just want to say, thank you for everything you ever
done for me
I just want to say, thank you for all the things, for
saving me

So many times, so many days
You helped me through, walked me through the rain
So many tears have washed away
If you can hear my voice
There's something I have to say

Just one more talk
Just one more turn, if one's too much then
I just want to say, thank you for everything you ever
done for me
I just want to say, thank you for all the things, for
saving me

It's been so long
They say time will heal everything
Could you send me a sign to fill the soul in my life
Turn on a light to help me see through it all
No one left to rescue me, save me

Just one more talk
Just one more turn, if one's too much then
I just want to say, thank you for everything you ever
done for me
I just want to say, thank you for all the things, for
saving me

I just want to say
Thank you, mother
Thank you, father

Thank you, sister for saving me

I just want to say

Thank you, brother

Thank you, daughter

Thank you, all best friends
