Hello,
For you I'm dying
Cuz I'm so tired of fighting

Love starts with a smile
And grows with a kiss
It always ends up in tears
And someone to miss
I've been there before
I've been there before

And even if you say "It's better this way"
Maybe it's better for you
But what about me?

Hello,
For you I'm dying
Cuz I'm so tired of fighting
And maybe will you say "It's better this way"
But I don't believe you
Hello,
For you I'm dying

Don't think that I'm heartless now
I already know the why and how it came that far
Because we are what we are

Yo, it starts with love
And grows with patients
And ends up in creep
And isolation
I've been there before
I said, I've been there before

And even if I hate myself from this day
It's maybe easy for you
But what about me?

Hello,
For you I'm dying
Cuz I'm so tired of fighting
And maybe will you say "It's better this way"

But I don't believe you
Hello,
For you I'm dying

I flood away something I love
And forrest myself to crib because
I want to let you know...

Hello,
For you I'm dying
Cuz I'm so tired of fighting
And even if I say that it's okay
I'll always love you
Hello,
For you I'm dying
Hello...
