Like a bullet 2 your idols,  
Just one word from me..and it goes it's way.  
Like some gasoline into the fire,  
I burn your house down...with no delay!  
With no delay.  
With no delay.  
With no delay.

Aah yeah!  
I bring pain 2 the people who want it,  
And mad stress 2 tha critics who like to keep on  
frontin' ...  
Everyday,allday u keep strikin' my nerves.

Punk,step back in line and get what u deserve..  
(oh...let me see...)  
Who wanna be my lucky partner,who wants 2 get the  
best of me...  
I'm a put ya where your place iz at,  
'cause i will put u in my world where no peace is  
at,what...  
With no delay.  
With no delay.  
With no delay.  
With no delay.
