Daylight breaks on the streets of my life
Where no sun shines there bums refusal to die
In the shadows of heartache my dreams come alive
I've been searching for love to give meaning to life
Oh no, you make me feel real
Oh no, I've got you, you've got me
And that's all we need
A reason to believe

Tonight my love will never die
Tonight I will lay down my life
Wherever we run wherever we go
Tonight I will be yours and you will be mine

In the morning light hope comes on the dawn
A turning point after all these years

In the strength borne of hardship
I knew we'd make it through
So throw back your head babe
These dreams are coming true
Oh no, there's blood sweat and tears now
Oh no, I've found you, you've found me
And that's all we need a reason to believe

Tonight my love will never die
Tonight I will lay down my life
Wherever we run wherever we go
Tonight I will be yours and you will be mine

Tonight we'll go beyond these realms
Of where the sun goes down

We will be together
There is permanence in change
'Cause I found you you found me
And now we've found a reason to believe

Tonight our love will never die
Tonight I will lay down my life
Wherever we run wherever we go
Tonight I will be yours and you will be mine

You will be mine
You will be mine
You will be mine

Daylight breaks on the streets of my life
Where no sun shines there bums refusal to die
