Leaving you was not an option
Girl you made it easy
And loving you was not my problem
Believe me, yeah

When all you do is tear me down
And make me feel like half a man
Giving my love away when Im not around
When true love is what you've had, oh yeah

You're gonna be mad when you hear this song
Thinkin' "Damn why did I do him wrong?"
No matter how hard you try you'll never replace me
And how we used to be... How we used to be

Those silly games and lies you tell
It was natural for you
That pretty face could hide them well
So I never knew the truth, oh..

Did you love me like i loved you

Baby don't answer coz I know what you'll do
It won't work now, you'll be the one hurt, no
When the next man comes in right back at you... To
you...

You're gonna be mad when you hear this song
Thinkin' "Damn why did I do him wrong?"
No matter how hard you try you'll never replace me
And how we used to be... How we used to be

It will never be the way it used to be... it used to be...
saying...
It will never be the way it used to be... it used to be...

You're gonna be mad when you hear this song
Thinkin' "Damn why did I do him wrong?"
No matter how hard you try you'll never replace me
And how we used to be... How we used to be

How we used to be...

How we used to be...
How we used to be...
