You had an invite from the sun  
You thought your new life had begun  
But the wrong words were coming out of your mouth  
You tried to tell us that a home is just a house  
And you prefer it in a hospital bed  
With the tears coming down  
'Cause you're better off dead

You took yourself out of the game  
Because it always ends the same  
And they can see that your condition is cracked  
They can tell your disposition is black  
And you prefer it in a hospital bed  
With the tears coming down  
'Cause you're better off dead

And you, you wonder where you'll sleep tonight  
You wonder when you'll get it right  
But who are you, where have you been, where are you  
going  
Are eternal questions not worth knowing

Sometimes you feel a bit remote  
And you just can't play it note for note  
And you're tired of being just bad news  
And you're tired of the same abuse  
The same mistakes again and again  
With the tears coming down  
'Cause you know how it ends

And you, you wonder where you'll sleep tonight  
You wonder when you'll get it right  
But who are you, where have you been, where are you  
going  
Are eternal questions not worth knowing  
'Cause you won't be around  
No, you won't be around

You had an invite from the sun  
You thought your new life had begun  
But the wrong words were coming out of your mouth

You tried to tell us that a home is just a house  
And you prefer it in a hospital bed  
With the tears coming down  
'Cause you're better off dead

And you, you wonder when you'll feel okay  
You wonder how you got this way  
But who are you, where have you been, where are you  
going  
Are eternal questions not worth knowing
