I used to have big money  
That was many moons ago  
You used to call me honey  
Now you call me so-and-so  
'Cause there ain't no wheels on this ship  
and we can't roll, roll, roll  
we can't roll, roll, roll  
we can't roll  
You used to be big poppin'  
The cat of every ball  
Now, listen, little papa  
You don't catch a big downfall  
'Cause there ain't no wheels on this ship  
and we can't roll, roll, roll  
we can't roll, roll, roll  
we can't roll  
You used to like my loving  
Because you liked my dough  
Now you don't want my loving  
'Cause there ain't no dough no more  
and there ain't no wheels on this ship  
and we can't roll, roll, roll  
we can't roll, roll, roll  
we can't roll  
Well, I'll tell you for the last time  
And I've told you this before  
If you want to keep your mama  
You gotta love me more and more  
'Cause there ain't no wheels on this ship  
and we can't roll, roll, roll  
we can't roll, roll, roll  
we can't roll
