Cry not for me, my love, when I am far away

There's nothing more to say, cry not for me

Cry not for me, my love, you've found another thrill

And though I love you still, cry not for me

Love is a golden rose that grows within your heart

Unless the petals fade and fall apart

Cry not for me, sweetheart, and if a tear should start

Cry not, my broken heart, cry not for me

Chorus: Love is a golden rose that grows within your heart

Unless the petals fade and fall apart

Cry not for me, sweetheart, and if a tear should start

Cry not, my broken heart, cry not for me
