That wonderful someone who makes the stars all  
shine, who fashioned the mountains to reach to the sky

Who brings each tomorrow, who hears every prayer, in  
sunshine or sorrow, if you call, He'll be there

That wonderful someone who makes the flowers grow,  
who paints every sunset with colors that glow

Look all around you, and these wonders you'll see,  
designed by that someone for you and for me

Chorus: That wonderful someone who makes the  
flowers grow

Who paints every sunset with colors that glow

Look all around you, and these wonders you'll see,  
designed by that someone for you and for me
