"That's My Desire"

To spend one night with you in our old rendezvous, and
reminisce with you, that's my desire
To meet where gypsies play, down in that dim café,
and dance 'til break of day, that's my desire
We'll sip our little glass of wine, I'll gaze into your eyes
divine
I'll feel the touch of your lips pressing on mine
To hear you whisper low, just when it's time to go, "Oh,
darling, I love you so", that's my desire
We'll sip our little glass of wine, I'll gaze into your eyes
divine,
I'll feel the touch of your lips pressing on mine
To hear you whisper low, just when it's time to go, "Oh,
darling, I love you so", that's my desire
