Walking dream, I dreamed about you, walking dream,  
can't do without you

Lovely dream, just can't forget you, 'cause you're so  
doodley-poochin' dreamy walking dream

Now, keep on a-walking, keep on talking,

And I'll do the best to make the rest of this lovely  
dream come true

Walking dream, I want you near me, walking dream,  
can't you hear me?

Walking dream, won't you love me, 'cause you're so  
lovey, turtle-dovey walking dream

Walking dream, my heart is yearning, walking dream,  
my lips are burning

Lovely dream, of love I'm learning, 'cause you're  
surprising, tantalizing walking dream

Now, keep on a-walking, keep on talking,

And I'll do the best to make the rest of this lovely  
dream come true

Walking dream, I want you near me, walking dream,  
can't you hear me?

Walking dream, won't you love me, 'cause you're so  
lovey, turtle-dovey walking dream

'Cause you're so lovey, turtle-dovey walking dream
