[Verse 2: Macklemore]

Allright  
Dolce Gabbana, Prada, Ralph Violet  
No nada won't holler  
Going in for my pockets  
Gold digging in my wallet  
You better holler at Ross  
I'm not copping them all, I'm still shopping at Ross  
Still tryna spend a little bit of Mark Morrison  
Return of the Mack, then break that ass off  
Give me some Keith Sweat, ease back go off  
Dry humping that kneecap till they scream last call  
She starts chugging some vodka  
She thinking I'm Ryan Gosling  
These type of girls are crazy gotta watch them  
Wanted Denzel but ended up fucking Waka  
I step out the Eldorado  
I know you don't love me you just love my poncho  
My girls back at home posted up at the condo  
Doesn't mean that we can mÃ©nage though  
Let's go

[Hook]

[Bridge: Clinton Sparks]

Baby you can wear my chain  
You can take your picture by my car  
All your friends can drop my name  
Cuz tonight your going to be a star  
(Yes you are)

[Hook]
