Go crazy, go crazy, keep it cool with the fucking dream  
crew baby, yeah

What's coming to the bar? Go crazy, let's take it to the  
bar, throw your hands

Hands in the air, let's go

Roll out like I'm about to film a movie

Put here the og, fill the ...

Sip champagnes and I feel the ooze yeah

Looking for a white girl a brazilian ...

I do me, I done roleplay, cush on ... call that oj

Who's on spell call that rose

Let's get to it, no more foreplay

Come through and I gotta see ...

Everything I do I do it big

All the pretty women in the vip

No ... just ...gonna be about me

And they wanna get the pipe in, I'ma like it

Throwing jam like a fight kick

Wanna go line, I get it popping in no time

Why you looking at a gold mine

What you came here to do, close your mind

What you came here to do, close your mind

What you came here to do, close your mind

What you came here to do, close your mind

Close your mind, go, close your mind

Close your mind, go, close your mind

Close your mind, go, close your mind

Close your mind, go, close your mind

Go, go, break it

Double ... with the system, looking for all, you must of  
missed them

I ain't in the waste in timing, anything I wanna take is  
mine

Make love to the bee but I'ma wait around

Yeah, that's my favorite crime and I did time with the  
hood

Wrong women that be selling me, I'm at the bar  
buzzing like killer be

Yeah, get money, don't hate, cause your girl wanna
