Well, well hold up
Tell me how did I get here?
Boy I never cried so hard
Should have never went this far, ah, ah
Hold up, now my pillow's soaking wet,
There's a river by my bed
Broken heart that you misled
And I never felt so low
Your love is all I know
I can't stop thinking about the way we used to be
This is so difficult, A wound that's healing slow
All I know is I need you to come rescue me

[Chorus]

Cause I can't find shelter, drowning in pain
Living life without you, just ain't the same
Cause you're not here
It's raining in my room
And I can't swim, sinking won't win
Supposed to be my life guard baby dive in
But you gotta hurry, cause it's raining in my room
Raining in my

Now the waters getting high
And the tears have multiplied
Darling please don't let me die, ohhhhh Hold up
Boy now I'm getting scared,
And I'm running out of air
I'm trying to reach but you're not there, yeah

Bsec

And I never felt so low
Your love is all I know
I can't stop thinking about the way we used to be
This is so difficult, A wound that's healing slow
All I know is I need you to come rescue me

[Chorus]

Cause I can't find shelter, drowning in pain
Living life without you, just ain't the same
Cause you're not here
It's raining in my room

And I can't swim, sinking won't win
Supposed to be my life guard baby dive in
But you gotta hurry, cause it's raining in my room
Raining in my

Do you remember the way we used to be, baby?
Don't you know we could have had it all
Now I'm alone, crying myself to sleep, baby
Please don't let another tear fall
Can you at least call me?

Chorus]

Cause I can't find shelter, drowning in pain
Living life without you, it ain't the same
Cause you're not here
It's raining in my room yeahhh
And I can't swim, sinking won't win (I can't
swim)
Supposed to be my life guard baby dive in (baby jump
in for me)
But you gotta hurry, cause it's raining in my room
Raining in my , whoa,
Raining in my, raining in my room, room, whoa.
