We started dancing and love put us into a groove  
as soon as we started to move.  
The music played while our bodies displayed through  
the dance  
then love picked us out for romance.

I thought it was clear, the plan was we would share  
this feeling just between ourselves.  
But when the music changed the plan was rearranged.  
He went to dance with someone else.

We started dancing and love put us into a groove.  
But now he's with somebody new.  
What does love want me to do?

Love said, "Let the music play. He won't get away.  
Just keep the groove and then he'll come back to you  
again.  
Let the music play. He won't get away.  
This groove he can't ignore and he won't leave you  
anymore."

He tried pretending our dance was just a dance but I  
see  
he's dancing his way back to me  
Yes, he discovered we are truly lovers, magic from the  
very start.  
'Cause love just can't be proven and he felt me movin'  
even though we danced apart.

So we started dancing and love put us into a groove  
as soon as we started to move.  
As soon as we started to move.

Love said, "Let the music play. He won't get away.  
Just keep the groove and then he'll come back to you  
again.  
Let the music play. He won't get away.  
This groove he can't ignore and he won't leave you  
anymore."

Let the music play. He won't get away

Just keep the groove and then he'll come back to you  
again.  
Let the music play. He won't get away.  
This groove he can't ignore and he won't leave you  
anymore."

Let the music play. He won't get away.  
Just keep the groove and then he'll come back to you  
again.  
Let the music play. He won't get away.  
This groove he can't ignore and he won't leave you  
anymore."
