I had a really nice day today.
I met a girl on the mta.
I lost my balance and I got in her way.

Girl, I got a thing for you.

Turns out she really likes pb and j.
Good conversation cause she knows what to say.
You're not that funny but I laugh anyway, for you.

Girl, I got a thing for you. (Girl, I got a thing for you.)
Girl, I got a thing for you. (Girl, I got a thing for you.)

You know you're sweeter than a tangerine.
You make me wanna shake my tambourine.
If I had money, you'd be marrying me, it's true!

Girl, I got a thing for you. (Girl, I got a thing for you.)
Girl, I got a thing for you. (Girl, I got a thing for you.)

You could've gone your own way, and I could've
missed the subway.

Girl, I got a thing for you. (Girl, I got a thing for you.)
Girl, I got a thing for you. (Girl, I got a thing for you.)
Girl, I got a thing for you. (Girl, I got a thing for you.)
And it's good, cause I think you got a thing for me.
