Pacific Sun  
You changed the color of my skin  
From up above  
Lift up my heart and let me in

Lay me down  
I was lost without you

Under the sea  
The fishes kissing at my toes  
Of all I see  
You are the one that I would like to know

Lay me down  
I was lost without you  
Lay me down  
I was lost without you

Pacific Sun  
You changed the color of my skin  
From up above  
Lift up my heart and let me in

Lay me down  
I was lost without you
