Believe in it
It's more than you and so much more than me
Hold on to it
I'll believe in you if you believe in me

I swear,
I'd give it all for this
I'll fall on to my knees

We are the lucky ones (x3)

These years comin'
They'll be worth the fight and they'll be worth the wait
Keep on goin'
Let this be the star that'll light your way

And I swear,
We'll make it over this
I'll fall on to my knees

We are the lucky ones (x3)

I won't let you down (x16)

We are the lucky ones (x4)
