"I Love You"

Now, I think it's time somebody told you

Just how much I really want to hold you

There's a thing I want so much

Just to feel your tender touch

'Cause I-I-I-I-I, I love you (love you), love you

Told myself, this thing would not affect me

And if it does, somebody must correct me

But you proved me wrong again

You're the one thing on my brain

And I-I-I-I-I-I-I-I-I love you (love you), love you

[guitar solo]

If you think that love will never find you

One day it will sneak right up behind you

And before the day is through

You will say the same words, too

'Cause I-I-I-I-I, I love you (love you), love you

[scat singing]

And before the day is through

You will say the same words, too

That I-I-I-I-I, I love you (love you)

Love you (love you), love you (love you)

Love you (love you), love you (love you)

Love you (love you)...
