Oh no, oh no

I think it's time for me to run

Well, I've been working all the summer

Waiting for the winter to come, o-o-o-ome

And if you feel like reminiscing

Well, come into the midnight sun

Oh yeah (oh yeah), oh yeah (oh yeah)

I think I've been away too long

Well, I've been coming and I'm going

All the time, it's growing with fun, u-u-u-un

And if you feel there's something's missing

Well, come into the midnight sun

Never be a gooseberry, for gooseberries should never
see

Drop the one who's lookin' at you

Lookin' at the one who's seeing me

Oh yeah (oh yeah), oh yeah (oh yeah)

I think I've been away too long

Well, I've been waiting all the summer

Counting all the trophy's I've a-won, o-o-o-on

And if you feel like reminiscing

Well, come into the midnight sun

Walk on boy

[guitar solo]

Oh no (oh no), oh no (oh no)

I think it's time for me to run

Well, I've been working all the summer

Waiting for the winter to come, o-o-o-ome

And if you feel like reminiscing

Well, come into the midnight sun

And if you feel there's something missing

Well, come into the midnight sun.

And if you feel like reminiscing

Well, come into the midnight sun.
