(All right)

Permissive paradise

And it's nice to know that our love is free

Permissive paradise

No suburban dream's gonna hang on me

What do you think you're doing?

Where do you think you're going?

Nowhere, people

Go blow your minds out and see.

The truths of yesterday no longer apply

The dreams you had then, they were bound to die

You're living a lie, and that's why you can't see me

Permissive paradise

We've got eyes to see that the joke's on you

Permissive paradise

In the promised land, we're the chosen few

(Oh, we're the chosen few, yeah!)

What do you think we're doing?

Just where do you think we're going?

Nowhere, people

The message is coming through

(Permit me, baby!)

What do you think you're doing?

And where do you think you're going?

Nowhere, people

Go blow your minds out and see

(See, see)

The truths of yesterday no longer apply

The dreams you had then, they were bound to die

You're living a lie, and that's why you can't see me

Permissive paradise

And it's nice to know that our love is free

Permissive paradise

No suburban dream's gonna hang on me

What do you think you're doing?

And where do you think you're going?

Nowhere, people

The message is coming through

(Yeah, pretty baby)

Permissive paradise

(Paradise)

And it's all so very nice
