[guitar solo]

Well, you're taking all my money

And I guess you think it's funny, but I don't, my my

You always run around

And you know it brings me down, but I don't, why why

Guess you think it's funny

That you're taking all my money, but I don't

You know you don't believe me, baby

Every night, you leave me on my own, my my

Got to get together, baby, try to make it better

But you won't, why why?

Every night, you leave me

But you know you should believe me, but I don't

CHORUS:

My my, my my

You know you take me down the line

My my, my my

Baby, don't you know you're mine?

You're taking all my money

And I guess you think it's funny, but I don't, my my

You're always running 'round

And you know it brings me down

But you don't, why why?

Guess you think it's funny

That you're taking all my money, but I don't

[guitar solo]

CHORUS

You're taking all your money

And I guess you think it's funny, but I don't, my my

You're always running 'round

And you know it brings me down

But I don't, why why?

Guess you think it's funny

That you're taking all my money, but I don't

You know you don't believe me, baby

Every night, you leave me on my own, my my

Got to get together, baby, try to make it better

But you won't, why why?

Every night, you leave me

But you know you should believe me, but I
