Are we running out of time running out of stories
Running out of time there's only words
There's no more glory
Are we running out of meaning running out of skin
Running out of meaning baby one more time
I need you again

There's no more pictures
There's no more rainbows in the sky
There's only air it's hard to breathe
But there's a chance for us to fly

Chorus:
If they still haven't found you
If they still haven't found you
There's still a chance

Are we running out of hope running out of future
Running out of hope they get their way
They will pollute her
Are we running out of laughter
Running out of truth
Running out of laughter
Cry the tears that they gave you

There's no more pictures
There's no more rainbows in the sky
There's only air it's hard to breathe
But there's a chance for us to fly

Chorus:
If they still haven't found you
If they still haven't found you
If they still haven't found you
Well if they still haven't found you
There's still a chance
There's still a chance

Bridge:
Out of heart out of passion
No more beat nothing flashing
Out of good out of bad

Even now you're all I've had

Chorus:

If they still haven't found you

If they still haven't found you

If they still haven't found you

If they still haven't found you

There's still a chance

There's still a chance
