When you smiled for the first time, Sali Bloo, then I
knew

That your style was the right style, Sali Bloo, I want you

CHORUS:

Guess I've been in love before

This time it's different, that's for sure

Wedding bells are ringing in my ears

Eyes are clear which once were filled with tears

Now I know the time has come

This time, I don't wanna run

A love that's true has washed away my fears

A love I really hope will last for years

Sali Bloo, I love you

Sali Bloo (you know I need you), I love you

When we kissed for the first time, Sali Bloo, then I knew

That first kiss was not the last one, Sali Bloo, I love you

CHORUS

Sali Bloo, I love you

Sali Bloo (you know I need you)

I love you (you know I love you)

Sali Bloo, I love you (I want the moody tune)

Sali Bloo (and that ain't all), I love you (another wants
you, another one...)

Sali Bloo (I love you, go "whaaaaa"), I love you (down
down down)

Sali Bloo (let me sit with you, baby), I love you (let me
touch your hands)

Sali Bloo (let me...), I love you...
