I know you want it
I know you need this now
I've seen it in your eyes

I know you'll face it
But deep inside
You're barely holding on inside
Maybe you'll find the words tonight

What are you waiting for
There's an open door
Right there before you now

Take in all that's already gone
Holding on to what you've got
Well there you are
And your finding what you're looking for
Something that you can't ignore
Oh what are you waiting for
There's an open door
Right there before you now
Oh what are you waiting for
Just go
Just go

Take in all that's already gone
Holding on to what you've got

Oh what are you waiting for
There's an open door
Right there before you now
Oh what are you waiting for
Its standing before you now
