I've got a broken heart and an empty bed  
I keep hearing all those words that I said  
I still see the tears in your eyes  
You tried to hard to hide that night  
There's so much about you that I miss  
I know it's strange to hear me say this

[Chorus]

But I wish you'd fight for me  
Come on tell me I was wrong  
I wish you'd just give in and stop being so strong  
Please show up at my doorstep saying I'm the one you  
need  
I want you to want to come after me

I hope you don't think I'm playing games  
I know it probably feels that way  
I never really planned to walk away  
I guess I was hoping that I'd never have to say

[Chorus]

I wish you'd fight for me  
Come on tell me I was wrong  
I wish you'd just give in, I wish you'd stop being so  
strong  
Please show up at my doorstep saying I'm the one you  
need  
I want you to want to come after me

I know that I made a mistake  
I just thought that you'd feel the same way

[Chorus]

I wish you'd fight for me  
Come on tell me I was wrong  
I wish you'd just give in, I wish you'd stop being so  
strong  
And show up at my doorstep say I'm still the one you  
need  
I want you to want to come after me

I wish you'd just give in  
Stop being so strong  
I want you to want to, come back to me
