I was minding my own business
Like I'd never done before
Felt a tap on my shoulder
I turned around and it was her
Your high school sweetheart
She was asking about you
I had to break the news that you were fine
But baby we were through

[Chorus]

It's like every time I try to get on with my life
Something pulls me back to the other side
Everywhere I turn there's a memory
And I can't forget the past when it's haunting me
So baby, I'm going crazy
Living with the ghost of us

I'm living with the ghost of us

And it was last week Sunday service
When I ran into your mom
She was with your older sister's kids
And they jumped into my arms
She said she missed me
And she brought up that other girl
She said that she was blonde but dull and quiet
She hopes you don't marry her

[Chorus]

It's like every time I try to get on with my life
Something pulls me back to the other side
Everywhere I turn there's a memory
And I can't forget the past when it's haunting me
So baby, I'm going crazy
Living with the ghost of us

It's your picture, it's your t-shirt
I put them all away but it still hurts
When it's our song I can barely sing along

[Chorus]

It's like every time I try to get on with my life
Something pulls me back to the other side
Everywhere I turn there's a memory
And I can't forget the past when it's haunting me
So baby, I'm going crazy
Living with the ghost of us
[x2]

I'm living with the ghost of us
I'm going crazy, crazy baby
