I'm all grown up now and I donno how,
But I'm finding out what life's about oh baby, yeah baby
This month's rent is already spent, it seems like it just
came and went,
It's crazy, lifes getting crazy
And the sun wears goodbye, and the moon's getting
high

If this world I'm living in thinks I'm giving in easy
Your're gonna find out I only go down kickin' and
screaming
I'll never stop stop chasing, and dreaming and wishing
on shooting stars
And I still like kissin' in cars

This lipsticks got one more turn
And these heels I'm wearing sure do hurt,
Oh baby, I'm just trying to look pretty
And these smooky lights and boulevards
Can't last forever but here we are,
Oh baby, let's get crazy
And the sun wears goodbye, and the moon's getting
high

If this world I'm living in and thinks I'm giving in easy
Your gonna find I only go down kickin' and screaming
I'll never stop stop chasing, and dreaming and wishing
on shooting stars,
And I still like kissin' in cars

I know there's gonna come a day, somebody is going
to sweep me away
And I'll give him my heart, and we'll keep kissin' in cars

If this world im living in and thinks I'm giving in easy,
You're gonna find I only go down kickin' and screaming

If this world I'm living in and thinks I'm giving in easy,
Your gonna find out I only go down kickin and
screaming
I'll never stop stop chasing, and dreaming and wishing

on shooting stars,
And I still like kissin' in cars
