Lately you've been questioning  
If I still see you the same way  
'Cause through these trying years  
We gonna both physically change

Now don't you know you'll always be  
The most beautiful woman I know  
So let me reassure you, darling  
That my feelings are truly unconditional, see

I'll love you when your hair turns gray, girl  
I still want you if you gained a little weight, yeah  
The way I feel for you will always be the same  
Just as long as your love don't change, no

I was meant for you and you were meant for me, yeah  
And I'll make sure that I'll be everything you need, yeah  
Girl, the way we are is how it's gonna be  
Just as long as your love don't change

'Cause I'm not impressed  
More or less by them girls on the TV, in magazines  
'Cause honestly I believe  
That your beauty is way more then skin deep

It's everything about you makes me feel  
I have the greatest gift in the world  
And even when you get on my last nerve  
I couldn't see myself being with another girl

I'll love you when my hair turns gray, girl  
And I still want you if you gained a little weight, yeah  
The way I feel for you will always be the same  
Just as long as your love don't change

I was meant for you and you were meant for me, yeah  
And I'll make sure that I'll be everything you need, yeah  
Girl, the way we are is how it's gonna be  
Just as long as your love don't change

So don't waste your time worrying about  
Small things that ain't relevant to me

'Cause to my understanding your all I want and need

See what I'm gonna say is I'm here to stay  
And as long as your love doesn't change for me  
Baby darling, I swear that I, I swear I ain't going  
nowhere, no

I'll love you when your hair turns gray, girl  
And I still want you if you gained a little weight, yeah  
The way I feel for you will always be the same  
Just as long as your love don't change

I was meant for you and you were meant for me, yeah  
And I'll make sure that I'll be everything you need, yeah  
Girl, the way we are is how it's gonna be  
Just as long as your love don't change

You're my baby, yeah, yeah  
Don't you change, baby, no  
Baby, you gotta understand that I love you, baby, yeah,  
yeah  
Don't you know, you gotta know, you got to know  
Yeah, oh oh, yeah, oh oh oh
