Lately you've been, questioning
If i still see you the same way
'cause through these tryin years
Weve, more then both physically changed
Don't you know you'll always be the most
Beautiful woman i kno
So let me reassure you darling, that
My feelings are truly unconditional, see
I'll love you when you hair turns gray, girl
I'll still want you if you gain a little weight, yeah
The way i feel for you will always be the same
Just as long as your love don't change

No, I was meant for you, and you were meant for me,
yeah
And i'll make sure that i'll be everything you need, yeah
Girl the way we are is how it's gonna be
Just as long as your love don't change

'cause, im not impressed, more or less
By them girls on the tv and magazines
'cause honestly i beleive, that
Your beauty is way more then skindeep
'cause everything about you makes me feel
I have the greatest gift in the world
And even when you get on my last nerve
I couldnt see myself being with another girl

I'll love you when you hair turns gray, yeah
I'll still want you if you gain a little weight, yeah
The way i feel for you will always be the same
Just as long as your love don't change,

No, I was meant for you, and you were meant for me,
yeah
And i'll make sure that i'll be everything you need, yeah
Girl the way we are is how it's gonna be
Just as long as your love don't change

So, don't waste your time
Worry about
Small things that aint relevant to me

'cause, to my, understanding, your all i want and need

See, what im done say is im here to stay
And as long as you love doesnt't change, for me
Baby, darling i swear, that i, i swear i aint goin no
where

I'll love you when you hair turns gray, girl
I'll still want you if you gain a little weight, yeah
The way i feel for you will always be the same
Just as long as your love don't change,

I was meant for you, and you were meant for me, yeah
And i'll make sure that i'll be everything you need, yeah
Girl the way we are is how it's gonna be
Just as long as your love don't change (ad libs)

Oooooooo, your my baby, yeah, don't you change
baby, nooo, baby you gotta understand, that i love you
baby, don't you kno, u gotta kno, u got to kno, ah yeah,
ohhhh, yeahhh, ohhhhhh
