When we were introduced by your girl Ruth
I knew that you got down
Skin caramel complexion, lips chocolate brown
(I'm wonderin' now)

Ugh, would you get huff wit me
And let me stuff your philly blunt with this black sensi
'cause
(Most definitely)
We can continuously get high like the clouds
That watch the city

Huff till we go blind like my man Stevey
Till the whites of our eyes are bloodshot, glossy, ugh
Then we'll fall fast asleep and when we wake
We can pick up where we L E F T see

(I don't mind if you don't)
No, 'cause see I'm like
(If you're wit it then it's on)
Yeah, so see you tonight

All the while I'm hopin' she would inhale
So I could be like Michael Jackson and enjoy myself
'cause
(All I wanna do is make a tuna melt)
When she role up in this sheets and let me spark that 'l,
tell

What we gonna do when the 'L is gone
Should we just role some more so we can flow some
more
Or maybe I should just take you home
And make you flend for my, like a love Jones

What we gonna do when the 'L is gone
Should we just role some more so we can flow some
more
Or maybe I should just take you home
And make you flend for my, like a love Jones

Yo, it was evident that you were hesitant when we did it

You rolled it, I lit, and we hit it
Yo, instantly you affected my state of being to cloud 99
You could tell that the hydro got you

By the way your eyes was half closed and mines too
Lord, knows if we woulda rolled
Another scolloled then you woulda been
(Holdin' on like 'en vogue you know)

See I knew that you laced it
(Yes indeed)
'Cause I could tell when I tasted it
(Yes indeed)

You got me breakin' a sweat feelin' like somethings
Crawlin' all over my neck you got me drunk
I can't believe that you got this type of effect on me it
seems
That I've been feenin' for you and you feen for me
For that high that we both need tell me wha

What we gonna do when the 'L is gone
Should we just role some more so we can flow some
more
Or maybe I should just take you home
And make you flend for my, like a love Jones

What we gonna do when the 'L is gone
Should we just role some more so we can flow some
more
Or maybe I should just take you home
And make you flend for my, like a love Jones

Mmda, mmda, mm oh
Mmda, mmda, mm oh
Mmda, mmda, mm oh
Hey, hey, hey

Mmda, mmda, mm oh
Mmda, mmda, mm oh
Mmda, mmda, mm oh
Hey, hey, hey

What we gonna do when the 'L is gone
Should we just role some more so we can flow some
more
Or maybe I should just take you home
And make you flend for my, like a love Jones
What we gonna do when the 'L is gone
What we gonna do when the 'L is gone
