All, all this time we've been wasting baby
You've been playing baby
Sending me all, all these signs
But never, never saying a word
See now I, I'm not trying to figure out, so how bout you.
Tell me what you wanna do? So I can give you all you
want
If you just say it, so, say it baby.

[Chorus]

I can understand if you're not ready
If you need me to be patient
Then I'm cool wit waiting
We can take our time, lets get it right
Make it last forever, not just for one night

[Verse 2]

Girl forgive me if I come across to forward baby
And if I offended you in any way baby
See I just wanna get next to you
'cause being closer makes it better
When I get to know you baby
Tell me how am I suppose to do that when you
Keep leading me on and you keep pushing me away
When all along I know, yes I do
That you really want me to stay baby. Ooooh!

[Chorus]

[Bridge]

Look baby I know that you want me cause I could feel
that
You you need me but you seem to be just a little afraid
That cools its ok, it's alright cause I want you baby
I mean I really want you baby. But if you need some
time
I'm willing to wait just as long as you know that I want
you girl
Cause I want you, but I want you to want me too.

I want you to want me
Just as bad as I want you cause I can understand baby

if you're
Not ready and if you need me to be patient wit you
I'll take my time wit you baby, I'll take my time as much
time as you need so we can get this
thing right girl and make it last forever. Cause I don't
want you to feel I'm here for now and
gonna be gone tomorrow, I want this to be the
beginning of a beautiful relationship. Do you feel
that baby I mean can you understand that, that's real.
That's from my heart.
