Verse 1:

Before you go can we just talk a moment
We shouldn't end it like this
Can we just chill for awhile
Put your bags down, just try to hear me out
I know that recently we've been fussing and fighting
And I know that you're tired of me
But if you leave this is how I'll be
Picture me

Hook:

Picture me
Down and out, lost without you
Picture me
Broken hearted
And so lost and lonely

Verse 2:

You don't want to go
As much as I want you stay
Cause I built my whole life around you
And I'm not just about to let it all slip away
And what about the tears that we've shared
And all the things that we said
We're they all just in vain
Girl if you bounce on me
What I used to be is just a memory
This is how I'll be

Hook:

Verse 3:

(TALK)
I know that I ***** up alright
And I'm sorry, I'm really sorry
I mean but I got issues
You got issues, every body got issues
We're human ya mean
So what you want me to do about that
I mean cause
(Sings)
I can tell a bunch of lies

And make like everything is alright
But I know deep down inside that I'll be
Deceiving you and misleading you
And I don't want to so can we just try
Try this one last time
Let's give it one more chance
Before you say good-bye

Ad-lib til fade:
Can you picture me girl
Not wanting to eat no more
Not wanting to sleep no more
Only wanna be with you
'cause I need ya
I got to have you.....
